E. H. POLLARD, Esq. The Scheine of a Local Bank for this Colony with Branches at the most important places in Ohine, has been in contemplation for a very long period.

The local and foreign trade in Hongkong and at the open ports in Chins and Jagan has increased so rapidwithin the last few years that additional Banking ncilities are felt to be required.

The Banks now in Chins being only branches Corporations whose head quarters are in Engand or India, and which were formed chiefly with the view of carrying on exchange operations between those countries and China, are scarcely in a position to deal satisfactorily with the local trade which has become so much more extensive

and varied than in former years: This deficiency the Hongkong and Shanghai Banking Company will supply; and will in fact assume the same position with relation to this Colony as the Presidency Banks in India, or the Banks of Australia in their respective localities: The Establishment of a Mint in Hongkong, providing an adequate supply of proper surrency will render a local Banking medium essential carry out its operations, and the almost certain lisappearance of the existing Compradoric system (so far as money is concerned) will also ensure Banks becoming in course of time the exclusive medium for the transaction of the monetary operations connected with trade. For the anticipated success of this enterprise there are therefore ample grounds; and the great prosperity which has attended the working of other local associations in China clearly shews that the largest profits are obtained by those

Public Companies which possess an interested local body of Proprietors or Shareholders whose support naturally forms a chief element of remu nerative success.

The Tlank will commendee operations simultaneously in Hongkong and Shanghai and as the importance of its business up the latter place must be very great, it is intended to establish a local Board of Directors there for more effectually meet. ing the work. As circumstances render it advisable the Bank will establish Branches at other In the distribution of Shares Hongkong and

Shanghal will countly participate. Shares will also be reserved for the other ports in China and Japan and for persons residing elsewhere, who are directy interested in the China Trade Applications for Shares must be addressed until Author notice, to the Provisional Committee, care. PENINSULAR & ORIENTAL STEAM NAVIGATION COMPANY: NOTICE OF REDUCTION OF PASS-AGE MONEY.

IN the year 1857 the Directors made a consider-1. able reduction in the Ocmpany's rates of In that year, owing to the extraordinary rise in the Cost and Freight of Coals, and the enhanced price of all descriptions of Naval Stores, the Directors were reluctantly compelled to return to the rates of Pessage Money previously in force. They are new happy to state that a decrease in the price of Cosl and other expenses of Steam Navigation enables them to reduce the Company's Passage rates to the undernoted scale, which will
